Lectures*

*1857/8-58*

*William, J. Mc Pherson*

## Sepia.

Juice of the cuttle fish.

Sick headache, hemicrania in females afflicted with hysterics, stitching stitching bearing pains - oppressive pains accompanied by nausea and vomiting in females affected with scanty menstruation, amenorrhoea, dysmenorrhoea, vascular erythema, flushed face, soreness of the abdomen. Recommended as a preventative of miscarriage at from the 5th to 7th month, chronic gonorrhoea, caustic ulcers on pregnant females, bloody urine, small red pimples upon the skin producing roughness and cracking, on the inside of joints of knee and elbow.

## Silicea.

Glandular and sympathetic swellings, induration and suppuration, abscess of the mamma - suppurated ulcers with calous edges - thin bloody or ichorous pus, caries & exfoliation of the bones, disorganizing complicated with mercurial treatment gangrene, Lapse moon; moon fever epilepsy worse during change of moon -

## Spigelia.

Pink root, Single does manifest themselves in increased ratio from 7 to 10 days.

**Symptoms.** Spasmodic movement of eye lids, irritation of the intestinal mucous membranes - pains in eye ball during motion as if the eye were too large, intolerable pressure in both eyes worse when burning, Inflammation of margin of the lids, ulceration and smarting soreness, Inflammation of the scleroticia - vessels congested, lids heavy - inability to open them, burning in both eyes obliging patient - to close them, idea that they will not be able to open them again. followed by blood red line before the eyes obstructing the sight, and returning again after a profuse flow of tears and dilatation of the pupils, dimness and faintness, Inclination to vomit. - Upper lids hang down as if paralysed, Dilatation of the pupils from smallest close, vanishing of sight when looking at anything, Indistinctness of sight as if eyes were full of water or mist before them - sensation as if something were hanging to the lids,

Scintillations, Amaurosis, titillating  
sensation on the dorsum of the nose,  
as if a light current of air were  
passing over it, face swollen in the  
morning, pressure in the maxilla  
bone, tearing pain accompanied  
by pressure, burning pain in the  
maxilla bone, drawing and stitching  
in the cheek, Toothache, painful  
joints in decayed teeth aggravated  
by cold, pressing pain from within  
outward, intermittent, Flatulent  
distention of the abdomen, followed  
or relieved by a loose stool, mingled  
with yellowish mucus, crawling &  
itching in the rectum, ascarides &  
lumbicæ, (16 fluid oz of water or 1/2 oz  
of root) violent pressure in chest be-  
low the left clavicle, sense of constric-  
tion in the muscles of the chest, ac-  
companied by a feeling of an-  
guish. Hearing sensation with con-  
striction in lower part of chest, shift-  
ing to the upper part of the chest, then  
palpitation of the heart, unusually strong  
beating of the heart, palpitation in-  
creased by sitting down or bend-  
ing forward, above the region a pain-  
ful sensation as if from a load-  
dragging and cutting in the abdomen.

4  
as if by incarcerated flatulence -  
tearing and constrictive oppression  
in region of the heart, tearing draw-  
ing stitching pains in joints or  
thoracic muscles, when stretching  
the limb jerking and knocking in  
the joints.

### **Spongea Tosta.**

Croup, Croup, Chronic bronchitis, Acute  
bronchitis, Sticking in the region of the  
bifurcation of the bronchia, hardness of  
hearing in scrofulous persons, Dys-  
rhoea, orchitis,

### **Sabina.**

Gastro-enteritis, gripping cutting pains  
followed by a discharge - Leucorrhoea  
in place of menses, Hemorrhoids in  
place of menses. Arthritis - where de-  
position has taken place, tearing pain  
with pressure in the metatarsal joints,

Painful drawing in toe joint aggrava-  
ted by walking. Sharp stitches in the  
heel from within outward, Dysuria,  
irritation extends over the intestinal  
mucous membrane accompanied  
with a discharge of blood with urine  
burning pain, Difficulty of urinating  
purulent gonorrhoea discharge -  
Condylomata, Antidote - Emetic  
or cathartic then demulcent drinks  
Opium seems to be an antidote.

## **Sambucus**

Black elder - Blossoms are used.

Dry cough - Inflammatory catarrh, Cough which has a salivary or sweetish expectoration of pus, Acute leuc. Considerable night sweats, Cough - considerable dyspnoea, oedema of the feet.

Angina Pectoris, Intermittent Fever, when the perspiration is excessive. A linchure of the inner bark acts as a cathartic and emetic - Blossoms act as a sudorific -

## **Scilla Maritima.**

Grows on the shores of the Mediterranean and in <sup>a</sup> Turkey. In massive doses acts as an emetic, it also acts on the urinary organs and skin.

Pleurey, when effusion has taken place, Pneumonia - ulcerative / weep grin on, with hemoptysis. Chronic bronchitis, expectoration of pus and blood, Suppuration of the lining membrane of the kidneys bladder and urethra, discharge of mucous then pus.

Gonorrhea - constant urging to pass water, but inability, encephalitis, large deposits of mucous or pus in the urine

6  
**Sarsaparilla.**

Roots are used, Syphilis when complicated with mercurial poison.  
Tetter of an old character.  
Suppressed scabs -

**Sabadilla.**

The bush is found on the steep slope of the Mexican Andes. Large doses cause burning pain in the throat and stomach, nausea, vomiting, purging, prostration of strength, convulsive delirium, and acute eruption like urticaria. It is used for worms, burning sensation in the bowels, and as if ball of thread were moving around.

Cutting pains - nausea and vomiting. Spitting up of a watery fluid, & creeping in the rectum.

Tape worm, Spasm, Loss of speech, convulsive rotation of the arm. When these symptoms have passed off, there is a discharge of a piece of the worm, Neuralgic rheumatism, characterized by shuddering and chillings followed by soreness & weakness in limbs, intense pain in the bones and joints as if scraped with a knife -

Intermittent fever, where the chill  
is cut up. Burning & creeping &  
itching in the skin - When the scalp  
is the seat of this there is <sup>in</sup> Seneca Capitis  
**Sanguinaria.**

Causes nausea and vomiting, heat in  
the stomach, quick pulse, headache  
Seeds cause topical dilatation  
of the pupils - with vertigo.  
Used in Angina - Throat feels  
rough, raw feeling and soreness.  
causing more or less dry cough.  
Chronic bronchitis and pneumonia  
with a tendency to a develop-  
ment of typhoid symptoms, Chol-  
era Infantum, Diarrhoea accom-  
panied by cutting and burning  
pain. Arthritic Rheumatism -  
tendency to perspiration on  
the least exertion.

**Secale Cornutum.**

Contractions of the uterus, atony  
of the uterus, Gangrene, Sen-  
sation as if insects were crawl-  
ing along the skin - weariness.  
dizziness, Pustula Maligna -  
Malignant Small Pox - when  
the pustules assume a  
gangrenous character -

**Stannum.**

The powder down with sugar is given for Tape worm and Lumbrici. Used in epilepsy - Mucous Plethor- sis, expectoration of pus, foul sweet- ish or saltish, hectic fever, night sweat,

**Staphasagria.**

Tinea Capitis. Severe itching - ver- min developing, old mismanag- ed itch, violent at night Lum- brici Ranens hunger, constant flow of water from the mouth - itching in the rectum and anus, Ascarides, Tinea, Scrophulous ophthalmia. Suited to persons of an irritable temperament.

**Stramonium.**

Tincture prepared from the seeds. Powerful narcotic agent. In small doses diminishes the sensibility -

Cerebral Group. Mania characterized by a desire to bite, strike and destroy - Jumping singing dancing. Mania characterized by a constant change of symptoms. Mania characterized by excessive talking even to persons not present, Mania character-

ized by hallucinations. Mania characterized by frightful visions.

**Nervous Group** Tetanic Spasms, Opisthotonic spasms, accompanied by forcible emission excited by sight of lucid bodies, Paroxysms of alternate contractions and relaxations of the limbs. Chorea, when the limbs jerk in all sorts of directions, Epilepsy, clenching of the thumbs, Stertorous breathing, foaming at the mouth, expression of terror in the face, Hysterical Spasms, preceded by excessive irritability, alternate weeping and irritability, general excitement, Fainting fits, patient falls down insensible, breathing imperceptible, Convulsions of head and arms with hiccough, desire to bite and tear, dryness of the mouth and fauces, Spasm in attempting to swallow a liquid, Spasm with retraction of the face and eyes.

**Special Senses.** Dilatation of the pupils, staring and glistening eyes, swelling and redness of the <sup>eyes</sup> face, sensitiveness to light, diplopia, black objects look grey, other seem to be moving while fading, complete amaurosis par-

action of the upper lid, Gritting of the teeth, hands  
moving at the same time, Dryness of the mouth  
screaming until hoarse, stammering, aph-  
onia, accompanied by furious delirium,  
swelling and protrusion of the tongue, Spas-  
mism, watery or tenacious, vomit of throat!

**Gastric Group.** Insipid taste, vomiting  
of sour mucus, acidity and burning  
in the pit of the stomach, tympanitis,  
blackish diarrhea preceded by, rumbl-  
ing in the bowels, copious diarrhoea  
discharge of blood,

**Urinary & Sexual Group.** Retention of urine  
accompanied by a sensation as though  
a cylindrical ball were being push-  
ed through the urethra, Quiescence ac-  
companied by shuddering and rumbl-  
ing in the abdomen, Impotence, Wym-  
phomania, Metrorrhagia blood black  
and clotted.

**Catarrhal Group.** Hoarseness, shrill voice,  
dysphagia, Hemoptysis, dry barking  
cough worse at night,

**Cutaneous Group.** Red mark on the chest and  
back, body covered with brown stripes,

**Fever Group.** Acute eruptions, body  
dry and hot, Typhus, face red and  
swollen,

**Sleep.** Patient sleeps as though he  
were dead; While sleeping starts

breathing, suddenly wakes with screams  
coma-vigil-

Omitted Cerebral Symptoms. Nervous vertigo, in-  
ability to collect ones senses, Stupor  
about the head, Delirium Tremens, char-  
acterized by furious delirium, hallucinations  
lightful visions, Phrenitis-

Antidote. Emetic or Stomach Pump, then  
Coffee or vinegar-

— Sulphur. —

Cutaneous Group. Rash upon the skin ac-  
companied by soreness, Psoric eruption  
resembling scales, Urticaria, Herpetic er-  
uptions accompanied by erythematous  
inflammation of the skin, burning itching  
usually at night, Ulcers bleeding  
readily and secreting a fetid pus,  
Winkow, schinus tubercle of lower lip,

Herpetic Eruptions, Herpes dysmorphus, dry or  
humid herpes. Herpes Phagedenicus accom-  
panied by emaciation and fever, Herpes  
of various kinds, Scabs, vesicular and papulous,  
Crusta serpiginea, Tinea capitis of  
every form especially the dry- Chronic  
Erythemas, Acne Rosacea, Interstigo Infantum  
Scrophulous Ulcers, bleeding readily, dis-  
charging foul pus, Mentagra, Herpet-  
ic spots, Osious disorganization, especial-  
ly if there is mercurial complication,  
Glandular swellings of a scrophu-

lous nature, Anasarca from acute ex-  
them, as after Scarlet fever, or from suppressed menses.  
**Cerebral Group.** Headache, rush of blood to  
the head, Headache on waking, Periodical  
Headache, accompanied by throbbing Chronic  
Vertigo, Hydrocephalus, when there is a paroxys-  
mal faint, Trembling of head from suppression of itoh,

**Nervous Group** Rheumatic pains in muscles  
and joints, drawing and stitching of joints  
Swelling and redness of the knee joint,  
Shivering swelling of the toes, Paraly-  
sis accompanied by gout, Ischia  
nerosa from suppressed itch,

**Orbital Group** Inflammation of the eyes and  
lids, accompanied by hypertrophy  
of the lining membrane, Arthritis  
and scrofulous ophthalmia, vesic-  
les on the cornea, Amaurosis, Cata-  
ract

**Auricular Group.** Otorrhea with all sorts  
of noises, **Nasal Group.** Swelling and  
redness of the nose, Epistaxis

**Facial Group** Heat and redness of the face  
**Dental & Buccal Group.** Aphthae, Toothache  
accompanied by swelling, inflam-  
mation and bleeding of the gums,  
Teeth feel elongated and set on  
edges, Throbbing pains, Recurrent  
phylaxis, Stomach - Chronic  
sore throat

**Gastric Group.** Foul taste in the mouth in the morning, foul, sour, pinacid taste. Complete loss of appetite, Desire for some things, Sense of fullness in the stomach after eating, water brash, nausea and vomiting, colic, retic pains after eating, *Comate mexas*, Chronic vomiting of food, Chronic Cardialgia, Swelling and induration of the Mesenteric glands, Atrophia Infan-  
tum, Swelling hardness of the In-  
guinal as well as the Axillary  
glands, Watery Diarrhoea, discharge  
of white mucus, discharge of blood  
with tenismus, Constipation,  
Constriction when the rectum pro-  
trudes during stool, Constriction  
with piles, stinging and burning  
in the rectum, Filaments from sup-  
pressed piles, Hemorrhoidal colic,

**Urinary & Sexual Group.** Enuresis, Retention  
Hematuria, accompanied by burn-  
ing and stinging pain in the urethra,  
Fetid sweat on the genital organs,  
Stinging in the glands and whole  
penis, Suppurating ulcers on the  
glans and prepuce. Inflammation  
of the prepuce, Swelling of the testi-  
cles, Sexual weakness, involuntary  
discharge of prostatic juice & semen,

Profuse flow of the menses, Leucorrhoea, of a corrosive yellowish character, Chronic Gonorrhoea, gonorrhoea from suppressed hemorrhoids, Amenorrhoea of scrofulous individuals, congestion to the head, palpitation of the heart or flushes on the face, Pro-lapsus uteri when from determination of blood to the parts. Disposition to miscarriage, Erysipelas of the mammae, hardness and tendency to suppuration,

**Catarrhal & Pulmonary Group.** Hoarseness, Sense of rawness in the throat, Irritation in the larynx, Cough accompanied by pain, Stinging in the chest, Cough accompanied by vomiting, Spasmodic contraction in the chest, Cough accompanied by the expectoration of a green yellowish matter, Cough with expectoration of blood, Dyspnoea, Asthma, Apnoea, Congestion of the Lungs, characterized by aching pains and fullness or pressure, Burning in the chest with determination of blood to the chest, palpitation of the heart, Common Cold, ulceration of the Schneiderian membrane, discharge of foul fetid pus, soreness of the nostrils, Aphonia,

from catarrh, accompanied by dys-  
pnoea and constant expectoration  
Chronic Cough, accompanied by  
expectoration of mucus, sometimes  
expectoration of pus, or expectoration  
of blood, Croup, Cough after mea-  
sles, Pneumonia with acute stage  
having passed away - disposition  
to cough, slight cold bringing  
it on, Pleuritis Plastica,  
Tubercular Phthisis, from sup-  
pressed itch, Asthma, Palpita-  
tion of the heart, Haemoptysis,  
Cough - Asthma from suppres-  
sed hemorrhoids,

**Fever Group.** Typhoid Fever, burn-  
ing itching eruption on the skin  
with watery diarrhoea, contin-  
uous heat and rigor at night,  
Typhic Fever with night sweats,  
Sleeplessness, Restless sleep night-  
mare,

**Mental Group.** Hysteria Hypochondria  
when accompanied by derange-  
ment of the liver, cautioning or  
from suppressed piles, Mania  
from suppressed itch,  
Antidotes - Mercurial syphilism

## Antimonium Crudum.

**Cerebral Group.** Suppurg pain in the occiput. Headache frontal, worse at night. Bone pain in the parietal bone, swelling of periosteum accompanying it.

**Nervous Group.** Gout Rheumatic, drawing pain in the limbs and joints, red, hot swelling of the fore arm.

**Special Senses.** Redness and Inflammation of the eyes, Photophobia, nightly agglutination of the lids, Amakrosia of Mercurial Character, Fistula Lachrymalis, with discharge of fetid pus, from suppressed itela.

Redness burning and swelling of the ear, Catarrh of the Eustachian tubes, Swelling of the inner nose accompanied by formation of crusts, Suppurating eruptions on the face, accompanied by weak digestion, Bleeding of the gums, looseness of the gums, Inflammation, swelling and bleeding of the gums, deep rose colored inflammation of gums,

**Gastric Group.** Bitter taste in the mouth, bitter excretations, vomiting of bile and mucus accompanied by diarrhoea, and

feeling of anguish in pit of stomach.  
Oppression in the stomach, and  
contraction, Emission of fetid flat-  
ulence, alternate constipation and  
diarrhoea, watery, diarrhoea, Lichen-  
terea, bloody and black stools,  
Yellowish mucus from bowels,  
Tubercles around the anus with  
a burning and stinging sensa-  
tion,

**Urinary & Sexual Group** Dysuria, Re-  
tention of urine, Enuresis, discharge  
of mucus from the urethra, Cat-  
arrh of bladder, Leucorrhoea.

**Catarrhal & Pulmonary Group.** Dry cough  
paroxysms of asthma, Cough  
accompanied by stitching pains  
in the chest.

**Fever Group.** Rheumatic Arthritic  
Fever, with great gastric derangements,  
tendency to cold clammy sweat,  
in morning attended with prostra-  
tion.

**Cutaneous Group.** Violent Itching -  
papulous eruptions, leaving brown spots,  
Erythema, appearing during In-  
fantia. Erythema Volaticum, burning  
red spots, Lichen Simplex, Lichen  
Agrius, Lichen Lividus, Lichen Urtica-  
ria, Urticaria under the skin

Varicella, Vesicular Herpes, Herpes  
 Phlictenoides, Herpes Listeri,  
 Herpes Labialis. Herpes Prepu-  
 cialis, all eruptions accom-  
 panied with gastric derange-  
 ment, Scabies humilis, or pu-  
 alent when eruption is immoderate,  
 Tinea Capitis. Pustules termina-  
 ting in yellowish crusts, Phlegma  
 Vesicae, Eczema, Impetigo - Boils  
 Fungus Eruptions, Acne Rosacea  
**Mental Group** Depression of Spirits.

### **Tartar Emetic.**

**Cerebral Group.** Delirium Tremens, nausea &  
 vomiting, great prostration, furious  
 delirium, Apoplectic Coma, Constant  
 itching, Intermittent fever (Apoplectic),  
 retching &c. Coma, (With Tartar Emetic  
 is contraindicated) rubbed on forehead of stomach.

**Orbital Group.** Ophthalmia, from Small  
 Pox. Scrofulous Ophthalmia

**Buccal Group.** Pharyngitis from  
 Mercury, or Metastasis from  
 Small Pox. Stomatitis, Angina  
 Diphtheritica,

**Gastric Group.** Nausea, vomiting, diar-  
 rhoea, precordial anguish, Gastritis  
 with tendency to gangrene, char-  
 acterized by excessive burning

and tenderness in the epigastrium,  
sensitiveness to touch, vomiting  
bile and blood, inability to ac-  
tain liquid, extremities cold  
tongue inflamed, thick whitish  
coating, Gastro-Enteritis, burning  
gripping pain in the bowels, inces-  
sant diarrhoea, tympanitis.

**Sexual Group** Eczema, Herpes & Porigo,  
on the penis and scrotum accom-  
panied by furious burning &  
itching, Pustules on the prepuce,  
Leucorrhoea of a thin ichorous char-  
acter,

**Catarrhal Group.** Influenza - when  
setting in, there is chilliness, sneezing  
prostration, then fever, Pneumo-  
nia, in the 2<sup>nd</sup> or 3<sup>rd</sup> stage, when pa-  
tient spits up copious quanti-  
ties of phlegm - Croup - Whoop-  
ing Cough - dience & expectorate  
with inability.

**Fever Group.** Yellow Fever, constant  
vomiting - sweat and coldness  
of skin sinking in the stomach,  
Bilious Remittent fever, cold sweat,  
prostration, vomiting, Small  
Pox,

Sleep Restlessness Soporose  
condition

**Mental Group.** Excessive apathy -  
 precordial anguish, furious  
 Delirium,  
**Antidotes.** Yellow Cinchona  
 Lincture, Powdered Galls

## Veratrum.

"White Hellebore. Poisonous to all an-  
 imals, "Violent acid irritant,

**Cerebral Group.** Vertigo with obscuration  
 of sight, Cerebral congestion, border-  
 ing on Apoplexy - protrusion of the eyes,  
 prostration, coldness, retching and  
 vomiting, Hemiparesis with re-  
 tching and vomiting, Acute Hydroceph-  
 alus, chill, desire to sleep, alter-  
 nate contraction and dilatation of  
 the pupil. Body cold, head hot,  
 lying on the pillow, pulse irregular.

**Nervous Group.** Profound prostration  
 accompanied by collapse of pulse,  
 retching and vomiting, tendency  
 to spasm in the extremities,  
 tendency to lock-jaw.

**Special Senses.** Amaurosis, dilatation  
 of the pupils, dryness of the eyes &  
 inflammatory irritation, sensitiv-  
 ness to light. Hemeralopia - Nyctal-  
 opia, paralysis of the upper eye lid -  
 soreness in the eyes, heat & swelling

in the lids, weakness of the eyes, Deafness, alternate feelings of heat and coldness in the ear, Dry coldness of the nose, excessive discharge of water from nose, soreness and ulcerations of the nose, Hippocratic countenance, nose pinched, bluish pale border around the mouth, Gritting of the teeth, Lock-jaw. Paralysis of the glands, feeling of coldness of the tongue, Aphonia - Constriction of the fauces, Suffocation dryness and sense of coldness in the Throat, dysphagia -

**Gastric Group.** Loss of Taste, unquenchable desire for cold water, constant retching and vomiting accompanied by fainting, universal prostration, collapse of pulse, Vomiting and diarrhea accompanied by burning pain in the epigastrium, Stomach and bowels, Dysphagia, vomiting of mucus, constant desire to vomit, then raising a little mucus, vomiting of bile and blood, Cardialgia accompanied by burning pain, intense thirst, painfulness of the abdominal walls, burning in the bowels as from hot coals, cramps in the bowels, Flatulent colic ac-

accompanied by rumbling in the bowels,  
Diarrhoea, bloody stools with tenes-  
mus,

**Urinary & Sexual Group.** Dysuria, Enuresis  
profuse and premature menses, ac-  
companied or preceded by head-  
ache, or epistaxis, prostration, cold-  
ness of the skin,

**Catarrhal Group.** Dryness of the nose  
dry and hacking cough, accompan-  
ied by tickling in the throat, Cough  
resembling whooping cough. Cough ac-  
companied by blueness of the face,  
Asthma ending by running at the  
nose, and profuse expectorations.

**Cutaneous Group.** Eruption like flea bites

**Sleep.** Sleeplessness at night; Lethargy

**Fever Group.** Remittent Fever, of a  
typhoid character, great deal of  
coldness, flushes, Intense thirst.  
Intermittent Fever with prolonged  
cold stage, prostration and in-  
tense thirst.

**Mental Group.** Excessive Anxiety, depres-  
sion of spirits, Mania, Insanity  
accompanied by screaming and run-  
ning about,

**Antidote.** Emetics. Coffee or Acids

# Zincum.

**Cerebral Group** Violent cerebral Neuralgia. with regular intermission. (Oxide of Zinc)

Paralysis of the Brain in Scarlet Fever, characterized by involuntary discharge of feces and urine. - Icey cold skin. quick pulse. tremor and paralytic weakness of the extremities, Sopor alternating with delirium, Paralytic stage of Acute Hydrocephalus, Tinea Capitis.

**Special Senses.** Punctate Blepharophthalmia - Blepharoptosis. External & Internal swelling of the nose. Loss of smell, Constant dyspnea Discharge of tears from the eyes. Protophthalmia, (applied as a wash or ointment) Tremor of the facial muscles

**Gastric Group** Acid eructations burning in the stomach, obstinate Constipation,

**Urinary Group** Burning and cutting in the urethra, discharge of blood

**Catarrhal & Pulmonary Group** Pneumonia Phlegm on the chest, Convulsive Asthma,

**Cutaneous Group** Obstinate pimples sores of skin, dry or scaling herpes, gonorrhoeal herpes,

**Fever Group.** Chill and flushes of heat. febrile motions, violent trembling, of the extremities, beating through the body -

**Mental Group.** Melancholia, all sorts of Visions, especially visions of demons, Anxiety

### Oxide of Zinc.

Analysis of the Brain in Acute Hydrocephalus, Protopalgia, Rises Sardoniacus, Spasmodic Asthma, chorea, Epilepsy during dentition, from worms. Recommended as an injection in Clap.

### Acetate of Zinc

Acute Mania when there is involuntary diarrhoea,

### Chloride of Zinc.

Chorea, Epilepsy, as a wash in invertebrate Pharyngitis Syphilitic sores, Herpetic & Scrofulous sores -

### Valerianate of Zinc.

Used in acute nervous pain as a wash or ointment -

Used also in Lumbago as a wash or ointment -

**Benzoic Acid.**  $\text{C}_6\text{H}_5\text{O}_2$

Derived from bitter almond oil and the gum-benzoin. Used where there is a tendency to concretions in arthritic or gouty affections. Where lactic acid is in excess and uric acid is deficient in the urine.

**Oxalic Acid**  $\text{C}_2\text{H}_2\text{O}_4$

**Antidotes.** Magnesia or Chalk.

**Symptoms.** Burning in the gullet, mouth, stomach, vomiting, severe pain in the stomach and abdomen, excited by touch or pressure, violent thirst, Headache, tongue red swollen, rigid, tender, pulse imperceptible accompanied by deadly coldness, clammy sweat, nails and fingers assume a livid character, small tremulous intermittent pulse, loss of consciousness, Convulsive extremities numb, tremor of the limbs, sense of numbness and prickling in the back and thigh, (Sensation as if the hand were dead, loss of power to move the limbs especially the legs, acute pain in back running to the thigh, as though the spinal marrow were inflamed)

Inflammatory neuralgia of the spinal marrow, accompanied by tremor and paralysis of the extremities.

**COH**

**Hydrocyanic Acid**

In the last stage of cholera when asphyxia is developed suddenly - patient becomes as cold as death.

**Muriatic Acid.**

Used in ulcers with a burning pain and discharge of fetid pus. Malignant small-pox with a tendency to a putrid character, Typhus, patient seems paralysed, rosy saliva hanging from corners of the mouth - eye balls turned up so that the white only appeared, lower jaw hangs down, tendency to slide to the bottom of the bed.

**Nitric Acid.**

Mercurial poison, Syphilitic diseases, Chronic jaundice, Enevresis, Pneumonia of old emaciated, impoverished persons, tendency to paralysis, greenish blood streaked pus, Typhus Putridus. Hemorrhage from the bladder anus - skin eyes, Skin red and clammy.

### Sulphuric Acid.

Skin covered with dark spots, which become raised and blood oozes out.

Burns, Aphthae, Mechanical injuries when stinging. Cynosis.

### Phosphoric Acid.

Caries of the Bones, from Mercurial poisoning, or from other causes, Rachitis, Nocturnal Emissions. Leucorrhoea, after Menstr. Chole-  
rae. Chronic diarrhoea, Diabetes when accompanied by emaciation Cough accompanied by expectoration of blood, burning and stinging pain in the air passages, Rectic Fever when there are colliquative night sweats, Typhus Abdominalis - when Rectic fever sets in. Skin hot, dry, alternating with moisture - flushes  
Sopor.

### Arnica.

Cerebral Group. Vertigo accompanied by gas-  
tric derangement, foul breath, foul  
taste and tongue, tongue thickly  
coated, Sudden concussion of the  
brain, loss of consciousness, fainting  
Special Senses. Traumatic inflammation of the  
eye, Amaurosis with abdominal  
engorgement, Deafness sense in the ear

as if bruised, Copious epistaxis, pale and sunken features, Hemorrhage from extraction of teeth, Soreness from operation upon the teeth,

**Gastric Group.** Dry tongue, tongue thickly furred, dirty grey color, loss of appetite, bitter eructation, nausea & vomiting, hematemesis, hematemesis from a blow, watery diarrhea, foul smell, discharge of mucus with tenesmus, Putrid Dysentery -

**Urinary & Sexual Group.** Hematuria, profuse discharge of watery urine. Traumatic orchitis, Phimosis & Paraphimosis. Inflammation of the mammae, Melorrhagia from a blow,

**Respiratory Group.** Pleuritis (false) where there is bilious derangement. Nervous Pneumonia, dry cough, hoarse breath.

**Fever Group.** Intermittent fever, with gastric derangement, Gastric Typhus,

**Nervous Group.** Pneumatic Paralysis with foinication a shock as if from electricity - Marasmus from sexual excess,

**Cutaneous Group.** Eruption of Boils Specific to wounds of the muscular fibre.

29

**Argentum.**

Acts upon the articulations, Bones, Cartilages, muscles, tendons, ligaments, glands & heart,

**Special Senses.** Fluent Cornea with violent sneezing. Pruritus, Irritation & picking in the left nasal cavity with sneezing. Itching in the lobule of the ears, sensation as if insects with many feet were digging into the depressions of the cochlea. Inflammatory redness of the ear.

**Gastric Group.** Sensation of hunger which is painful.

**Urinary & Sexual Group.** Copious secretion of watery urine. Pain in the testes as if contused, digging pain. Chronic orchitis.

**Catarrhal & Respiratory Group.** Creaking & cracking in the cartilages of the larynx. Inflammatory condition of the larynx - with tendency to ulceration. Spasmodic palpitation of the heart, Sensation in the lower part of the back and region of the sacrum as if touched with ice.

**Nervous Group.** Laming, bearing pains in the smaller joints, pulsative

stitches in the hip joint, pain in the small joints as if bruised. Sensation as though the bones were paralysed even to the marrow-draw-  
ing in the long bones, Ostealgia. Ar-  
thralgia - Coxalgia, Chondritis -  
soreness and cutting pains in the  
cartilages -

Nitrate of Silver.

**Cerebral Group.** Violent pain in every part of the head. Excessive congestion of blood to the head with throbbing of the carotid arteries. Headaches, sharpening dull-  
ness of the head, melancholy state of mind, inability to express suita-  
bly and coherently oneself - Head-  
ache accompanied by chillings  
then with increase of temperature  
Head feels larger - itching and  
creeping-sensation in the scalp -  
sensation as if the hair were being  
pulled out by the roots,  
**Special Senses.** Sunken and pale ap-  
pearance of the face, as of people of  
old age - Conjunctivitis - conjuncti-  
va pulsed up - redness in the  
corners of the eyes, as if blood were  
effused - dryness in the eyes, amaurotic-symptoms, sensitiveness to the  
light, agglutination of the eye lids

in the morning, Violent itching of the nose, ulcerated scurf of the nose - discharge of blood and pus when blown, Coryza - chilliness, sneezing - stupifying headache, sickly appearance in the face, discharge of pus, blood and water, painfulness in the teeth on taking water,

Gigging and grumbling toothache gums inflamed, teeth loose, pyalism, tooth sore, Feeling in the tongue as if scalded, Sense of soreness in the fauces as if scalded, Dark redness of the fauces and mola, pain in one side of the throat as if ulcerated, pain in the throat, as if a splinter were lodged in it, especially when swallowing. Beating and throbbing pain in the throat, throat full of watery tenacious mucus, compelling patient to hank up something which appears like balls of soap, viscous,

**Gastric Group.** Bitter chalky taste belching up of wind, vomiting of glassy mucus in the morning, with a desire to vomit in the afternoon, tremulous weakness, Sensation in the head as if under a vice

Cardialgia characterized by internal chilliness. Cardialgia characterized by distressing gnawing pain in the stomach, gripping burning pain in the stomach, C. char. by yawning-sensation in the stomach as if it would burst, ineffectual effort to raise wind, pressing pain in the stomach, fainting nausea - flow of water in the mouth, inability to stir, C. char. by pressure, burning drawing pain after a meal, black or acid substance vomited after a meal, C. char. by some vomiting in persons with gout, C. char. by cancerous diathesis, Schirrus of the stomach, Feeling of emptiness in the stomach, desire for piquant food or drink, insatiable hunger, accompanied by depression of spirits, Malaise in the region of the stomach relieved by pressure, vomiting of water in full grown persons.

**Abdominal Symptoms.** Stitches in the liver sense of fullness in the liver hypertrophy of the liver, pains in the abdomen as if the bowels were sore, accompanied by a sensation of hunger diminished by eating

after which the bones feel tremulous  
 Stitches with dark through the ab-  
 domen as if from electricity - espe-  
 cially when moving about, sensation  
 of coldness in the abdomen, which  
 is painful - sensation as if a  
 ball were passing from the abdo-  
 men to the throat, Colic followed  
 by discharges of green mucus,  
 very fetid, accompanied by flat-  
 ulence, Constriiction, itching at  
 the anus, very violent, discharge  
 of tinea,

**Urinary & Sexual Group.** Frequent dis-  
 charge of pale urine - few drops  
 of urine passed after which the  
 urethra feels swollen, burning dur-  
 ing micturition, sensation as  
 as if a drop of water were pass-  
 ing through the urethra,  
 cutting pain from posterior por-  
 tion of the urethra, to the anus  
 after micturition, Swelling of  
 the urethra when micturating  
 pain in the middle of the ure-  
 thra during micturition, as if  
 from a splinter, Urethra feels  
 swollen as if hard and knotty -  
 priapism, Inflammation and  
 violent pain in the urethra,

Burning in the urethra & fever. Complete stop of sexual desire, Organs become atrophied, chancre on the prepuce, metrorrhagia,

**Pulmonary Group.** Dryness and burning irritation in the larynx causing cough. Suffocative cough - particularly in the daytime, aching sensitive pain in the chest, violent palpitation of heart accompanied by nausea and fainting feeling, swollen glands on right side of the chest,

**Nervous Group.** Epilepsy from mental excitation, imbecile mind, prostration, rigid feeling in the lower extremities

**Cutaneous Group.** Eruption like itch - when scratched there is bleeding. Ectermatous pustules -

**Mental Group.** Apathy. Hypochondria  
Antidote. Chloride of Sodium

## Asafoetida.

Hysteria, Hypochondria when traced to derangement of the liver. characterized by pain deep seated, & pressure; heavy labored breathing, pulsative throbbing sensation, burning pain in the stomach and esophagus, flushes in the face oppression of the head or one side of the head, constant change of mind, as fits of joy and sadness. Hysterie Hemisrania, characterized by flushes in the face, heat in the head, burning in the eyes, gastric derangement, rancid taste, burning in the stomach, flatulent distention of the abdomen, Globus Hystericus, when characterized by the previous symptoms, premature menstruation when accompanied by labor like, bearing down, cutting pains febrile irritation, abdomen congested, Spasmodic irritation of the bladder Spasmodic breathing accompanied by pressure, stitches on the chest palpitation of the heart, Dry nervous cough.

**Nervous Pains.** Intermittent pains, throbbing oppressive pains, stitches, darting pains flying from within outward, relieved by contact sometimes with feeling of numbness. Mercurial & scrofulous caries of bones. Canis and Rickets. Mercurial and scrofulous ulcers,

## Aloes.

Dysentery - tenesmus - burning & heat in the bowels, blood discharged is dark, burning and cutting pain in the rectum, piles, flow of hot blackish blood, accompanied by heat and fullness in the bowels, painful pressure and heat on the liver, flushes about the face. heat in the head, Bilious diarrhoea, with putrid smell, whole body feels hot during evacuation. Excessive menstruation, blood hot & dark, abdomen feels full hot & distended.

## Camphor.

Vertigo - pale face, heaviness of the head semistroke - loss of consciousness, meningitis - when from sudden retrocession of acute eruption, or exposure to the sun rays, acute Epilepsy when from some sudden emotion, Tetanic Spasms with loss of consciousness, when from retrocession of an acute eruption.

**Special Senses.** Staring and inflamed eyes, eyelids covered with red spots, excessive contraction of the pupils, strange figures before the eyes, sensation as if objects were too bright and blinding, obscuration of sight - sen.

sation as if the eyes were pushed out of the sockets. Catarrhal rheumatic inflammation of the mouth, teeth feel long and ache, stitches fly through the gum, foam at the mouth, flow of saliva, dry and scraping feeling in the throat as though sore band ripped up, insatiable desire for drink -

**Gastric Group.** Burning in the stomach, Gastritis, Gastro-enteritis, Inflammation of the viscera from sudden retrocession of eruption, diarrhoea watery - accompanied by burning sensation and feeling of prostration, diarrhoea from exposure,

**Urinary & Sexual Group.** Strangury, tenesmus burning pain in the urethra, impotence.

**Catarrhal Group.** Influenza, first stage - suffocative catarrh, as if the lungs were paralysed, patient cold, pulse collapsing.

**Fever Group.** Intermittent Fever, chill long and accompanied by super

**Asthenic fever,** coldness of the skin. collapse of pulse - super -

**Cutaneous Group.** Violent burning itching of the skin, erysipelatous inflammation of the skin,

**Mental Group.** Mania, disputative Mania, patient howls, screams

and wants to hide himself, Mania characterized by complete apathy, pulse slow, pupils contracted.  
**Antidote.** Emetic, then a dose of Opium.

### Copaiba.

Excites a flow of saliva, In the bowels colic, watery diarrhoea, Copious stools loss of appetite, nausea and vomiting - colic, tenesmus, burning at the anus, bloody stools,

**Urinary & Sexual Group.** Excessive irritation in the bladder, Inflammation of the urinary organs, Inflammation, swelling & ulceration of the orifice of the urethra, accompanied by throbbing pains in the penis, itching, smarting & burning in the urethra, retention of urine, Hematuria, burning & sensation of dydys in the prostate gland, swelling and induration of the testes, yellow purulent gonorrhoea, metrorrhagia, discharge of blood and thick purulent or even from the womb, accompanied by pressure toward the vagina, <sup>Respiratory Group.</sup> Constant irritation in the larynx accompanied by cough, dry and painful cough sometimes accompanied by profuse discharge of greenish grey mucus,

**Cutaneous Group.** Dark colored, or bright red measles shaped eruption, itching intolerable, sometimes runs together. Like grapes, on the face then chest, abdomen, hands, feet, after its disappearance hemiplegia. **Serpin** Scarlet red eruption, like spots on a parchment skin, itching, raised up, sometimes on the whole body accompanied by swelling of the lids mouth face arms & hands, pain in the mouth, throat, joints, feeling of distress in the stomach, **Urticaria** isolated blotches first on the face, especially on the forehead then on the chest & the hands and other parts of the body - coating of the tongue, leaves brown spots behind, pustules between the fingers and on the fore arm -

### **Oleum Tiglia - Croton Oil.**

Watery diarrhoea, diarrhoea preceded by hard stools which turn into watery stools, Diarrhoea where stools are forced out rapidly - Bilious diarrhoea, accompanied by violent tenesmus and burning. Used in the expulsion of tinea lumbrici, ascariides,

**Cutaneous Group.** Violent inflammation of skin, appearance of erysipelas Erysipelas redness then pimples, which turn into pustules, Aphthal-  
mia violent, ulceration of the cornea, amaurotic symptoms, erysipelas of the face, Angina  
Lancium, dryness and inflammation of the fauces, and mouth, hoarse taste  
constant desire to swallow mucus,

**Oleum Ricini. — Castor Oil.**

Mucous diarrhoea especially from dietetic errors, Gastro Enteritis with watery discharge from the bowels,

**Oleum Jecoris Aselli. — Cod Liver Oil.**

Pain in the bones of the left arm. Rheumatic pains in the knees & arms, pain in the knee especially around the patella, increased by pressure, sensation of heat on touching. Redness of the skin in bed at night & itching which disappears in the morning. Scrofulous ulcers which discharge mucous, mucous from the urethra, burning in the urethra every morning in evacuating the bowels, Tubercular Rheumatism, Caries Radiitis, Mesenteric Consumption -

**Oleum Animale Dippelii —****Animal Oil.**

Obtained by distilling animal matter. It is highly volatile. Acts as an irritant. Used in Asthma, Hysteria, Hypochondria, Hysterical spasms and convulsions, muscular debility - palsy, rheumatic and arthritic affections, - Flat or sour taste, loathing and nausea, heart burn, burning and stinging in the stomach, cutting pains in the bowels followed by liquid stools, deterioration of the mucous secretions, sallow complexion, depression of the reproductive functions, nervous irritability, softness and want of tonic in the muscular fibre -

Pulse slow, decrease of normal temperature, itching of the skin, deep seated numbness and formication in the lower extremities, weary feeling and fainting spells.

**Petroleum. —****Rock Oil.**

Melancholia accompanied by gastric derangement, spasmodic contractions, slimy stools, cutting in the bowels, emaciation, restless sleep, profuse sweat at night and in the morning, Chronic Sore Throat, accompanied

by soreness of the tongue, fetid pyhalism,  
 Constant dribbling of urine, secondary  
 gonorrhoea, ulcerated chilblains,  
 Chronic Herpes on the scrotum, Tinea  
 Capitis Farsa,

**Oleum Terebinthinae. — Oil of Turpentine.**

Gives a violet color to the urine,  
 Complete suppression of urine, cystitis,  
 burning in the urethra, stranguary,  
 dysuria, accompanied by symptoms  
 of urethritis. painful erections, urine  
 may deposit a thick slimy sediment,  
 presence, sensation of heaviness and  
 pain in the kidneys, burning &  
 drawing in the kidneys, the psoas-  
 trum painful to pressure, which  
 causes tenesmus of the bladder,  
 burning in the urethra, diarrhoea of  
 mucus and water accompanied  
 by burning at the anus, dis-  
 charge of fibrin, preceded or  
 accompanied by cutting pain  
 in the bowels, Drawing & burning  
 pain in the lower  
 extremities. Exanthem of a  
 scarlet color. Exanthematous  
 pustular or vesicular erup-  
 tions.

**Oleum Succini****Oil of Amber.**

Hysteria, excessive nervousness accompanied by a tendency to profuse and premature menses, Nervous vertigo, Nervous hardness of hearing, Sexual excitement with nocturnal emissions, Dry cough resembling whooping cough.

**Euphorbium.**

Excessive irritant poison.

Acute Mania with violent congestion hurried pulse, Acute Gastro-Enteritis accompanied by vomiting and purging, Hurried pulse, cold sweat, also when the reaction takes place, External application in burns, in inflammation to prevent sloughing. Sneezing, redness of the face, Sneezing like nettle rash,

**Ammoniacum.**

A plant, a native of Persia. Used in Chronic cough, irritation of the bronchial mucous membranes, expectoration of mucus, Amaurotic weakness of sight, weak digestion, Pleurorrhoea of the bronchial tubes and vagina in females subject to profuse and premature menstruation,

**Guaiacum.**

Ured in Arthritic and rheumatic affections, discharges of the mouth, sensation of heat in the stomach, nausea, loss of appetite, relaxation of the bowels, great perspiration, mild pyrexia, flatulence, constipation, Mercurial rheumatism and bone pains - Arthritic rheumatism characterized by lancinating stitches in the extremities, from the feet up to the knees,

**Jalapa.**

Screams and restlessness of children, Stools have a sour smell, painful diarrhoea of children, violent restlessness and crying, watery diarrhoea of grown persons where there is a decrease of the pulse and animal heat

**Scammony**

Diarrhoea with symptoms of irritation of the intestinal mucous membrane, with griping pains

**Gamboge.**

From the gamboge plant, Produces Nausea, vomiting griping pain in the bowels, tenderness of the abdomen, coldness of the extremities, decreased pulse, Antidote is the Carbonate of Potassa -

Profuse watery diarrhoea accompanied by griping & tenesmus, diarrhoea with burning pain and tenesmus, hard insufficient stools, violent urging pressing and protrusion of the rectum, bilious vomiting and purging accompanied by fainting and sinking of the pulse, Violent irritation of the bowels, vagina uterus,

### Alumina.

One of Hahnemann's anti-psoric remedies. The symptoms are, dryness in the mouth and throat, diminished quantity and increased consistency of the saline evacuations, Nausea vomiting griping, purging, Inflammatory condition of the alimentary canal, Gastro-enteritis, Gastric derangement, characterized by a flow of saliva from the mouth with alkaline reaction, sensation of fullness, and pressure in the stomach, sensation of dullness and torpor in the stomach, Constipation where the feces are dry, hard and pale. Lead Colic, Subacute Gastro-Enteritis characterized by vomiting, purging watery and even bloody diarrhoea heat and tenderness in the bowels - Gleet.

## Carbonate of Ammonia.

Increased frequency of the pulse, throbbing headache, Irritation of the air passages characterized by oppression and racking cough, expectoration of mucous, Spasms of the air passages, pulse may be irritated, temperature increased, and slight perspiration, Inflammatory irritation of the bowels, bloody mucous discharges, pain in the bowels, feverishness of the system, fetid urine; dysenteric discharges, chilliness and feverishness, blood dark, discharges frequently scanty and painful; scorbutic and putrid condition of the system, hemorrhage from the anus, mouth and nose, wasting away of the muscles, decomposition of the vital fluid, pulse hurried and feeble, habitual diarrhoea, of fœul mucous and blood, urine fetid, Putrid typhoid fever, heat, dryness of the skin, foul breath, convulsions, of tetanic or epileptic form from cerebral congestion, Hysteria - Syncope, scarlet fever which assumes a putrid or typhoid form - **Antidote** Dilute Vinegar or lemon juice

### Muriate of Ammonia.

Heat and oppression in the stomach, headache and increased desire to urinate, Constipation, Chronic catarrhal irritation of the bronchial lining membrane, catarrhal irritation of the stomach and bowels diarrhoea, Chronic catarrh of the bladder with discharge of mucus and increased desire to urinate, Premature menstruation, with pain in the bowels, dysmenorrhoea when from too frequent menstruation.

Antidote. Vomiting by warm water if inflammatory symptoms should appear give Scorilla.

### Acetate of Ammonia.

Considered as a cooling agent Causes headache, & indigestion

### Aqua Ammonia.

Suffocation anxiety, livid streaks on the face, Tongue bright red, voice feeble, dyspnoea extreme, violent pain in the throat, pulse feeble dysphagia Loss of voice.

Antidote. Lemon juice. Dilute vinegar

**Anacardium**

A bean, contains a kernel in which a juicy liquid is contained which if it touches the skin, produces violent inflammations and dangerous pustulous eruption. Its primary effect is, <sup>to</sup> blunt the percipient-points of the senses,

**Angustura Vera.**

Produces rigidity of the muscles of the body, like tetanic spasms, one suddenly falls down without losing the senses, Lockjaw-paralytic affections, Spinal affections. Given in - Spring in - intermittents, Intermittent neuralgia of the face, with debility, nausea depression, loose bowels, Diarrhoea of a chronic nature, with nausea, debility mucous and gastric derangement, anxiety.

**Apis Mellifica.**

Useful in Dropsy, Hydrothorax, Ascites, Recommended in Rheumatic and catarrhal ophthalmia burning and redness of the eye-balls and lids, itching boring and stinging pain, lachrymation suppuration, sensation

as if sand were in the eyes, swelling of the eye-lids photophobia, Inflammation of the tongue, mouth and fauces, parts red, tongue dry and swollen, constriction of the fauces, burning heat in the fauces, glassy mucous in the mouth and fauces, ropey mucous, Glossitis, Tonsillitis, Vesicular impetigo, Scarlet Fever. Measles where there is angina faucium. Meningitis Hydrocephalus, with convulsions stupor, delirium, loss of consciousness, interrupted by sudden cries, perspiration about the head, squinting, retching and vomiting, digging and boring of the head into the pillow. Clanking of the abdominal muscles, tremor of the extremities, pulse intermittent, jerking, Dropsical effusions, Hydrothorax, Ascites and General anasarca, with heat and dryness of the skin, suppression of urine thirst, Typhoid inflammation of abdominal mucous membrane, Strangury-diarhoea, constipation, Inflammation of the mucous membrane of the urinary mucous membrane.

Constant urging with burning pain. cystitis, Ischuria, Strangury, inability to urinate, red urine - Uterine affections, engorgement of the neck of the womb, with disorganization - Dysmenorrhoea - with many difficulties.

### **Asarum Europaeum.**

An exceedingly irritating agent, It is a powerful emetic and cathartic. Useful in gastric derangement with vomiting and purging, with secretion of burning saliva, chilliness.

### **Aethusa Cynapium.**

Wild parsley - Wild Celery, fancies he sees dogs or cats, gidiness, oppressive headache, loss of consciousness,

Spasmodic rigidity of the lower jaw, tremor and numbness of the extremities, languor, weakness and great weakness, coldness of the extremities, convulsions, paralysis and convulsions of the organ of speech,

Violent ophthalmia, gangrenous tongue, inflammation of the esophagus, vascular congestion of the stomach, and

duodenum, Confused vision,   
 dyslopia, vacant, unconscious stari-   
 ing, Inflammation and swelling of   
 the face - shifting from place to place -   
 Thirst nausea and vomiting,   
 smarting stinging heat in the mouth   
 throat and gullet, paralytic dys-   
 phagia, Spasmodic pains in the   
 bowels, bloody diarrhoea, hardness   
 of the liver, Lividity of the skin   
 swelling of the body - Sopor and   
 restlessness at night,

Antidote, Emetic, then dilute Vinegar or Lemon juice

### Agaricus Muscarius

Use a watery solution. Acts upon   
 the brain and nerves, liver, stom-   
 ach and bowels,

Apoplectic condition of the brain,   
 paralytic condition of the extre-   
 mities, coma, feeble irregular pulse,   
 nausea, fetid breath, fullness and   
 bluish color of the face and lips,   
 chorrea, excessive mobility of the   
 muscles, Delirium tremens, attempts   
 to commit violence, rage - Mania   
 characterized by fantastic motions   
 of the limbs, Epilepsy when there are   
 violent cerebral engorgements, Inflam-   
 mation of the stomach and bowels,

from alcoholic drinks, Enlargement of the liver from vascular engorgement, Frost bitten limbs,

**Antidote.** Emetic after which give Sulphuric Ether.

### **Agnus Castus.**

Gonorrhoea, discharge of thin watery serum, impotence, entire absence of erections.

### **Aurum.**

Hypochondria, tendency to suicide, Hysteria characterized by profuse menstruation, Scrophula when combined with Syphilis, and Mercurial poisoning. Odontalgia with caries of the nasal bones, Caries of the nasal bones, premaxillary and nasal processes, Otorrhoea with caries of the bones of the ear, fetid discharge, Exostosis of the skull, and pelvic bones, Chronic orchitis, Syphilitic ulcers of the fauces and tongue, Congestive headache, Chronic catarrh and purulent coryza.

Palpitation of the heart from a rheumatic diathesis, with oppression.

**Antidote.** White of Egg

### *Baryta Carbonica.*

Scrophulous sore throat, inflamed glands.  
It is an acrid and narcotic poison.  
Dimness of sight, dyslopia, distention  
of the stomach, cramps in the calves.  
Its first action is on the brain, thence  
extending to the peripheral nerves.  
It might be a very useful remedy  
in cerebral disturbances.

Hysteria in a scrophulous diathesis,  
Antidote Emetic, then diluted vinegar.

### *Baryta Muratica*

Paralysis of the upper and lower  
limbs, (Scrophulous) Stricture of the  
Uterus and Rectum, Scrophulous  
induration, swelling and inflama-  
tion of the glands, Inflammation of  
the mucous and serous coat of the  
stomach, Inflammation of the mu-  
cous coat of the intestines, Dia-  
betes, Enlargement of the liver  
Scrophulous Eruptions. Herpes Eus-  
tacia, Itchy Eruptions.

Antidote. Sulphate of Soda or Magnesia.

### *Berberis.*

Subacute inflammation of the mucous  
lining of the intestines, bladder & uterus,  
Angina faucium, Difficult menstruation.  
discharge of serum with fever-  
ish chilliness, Anorexia. —

Watery diarrhoea, Feeling of  
weakness, soreness. Low spirited  
**Nitrate of Bismuth.**

Slight nausea, pressure at the stom-  
ach which passes into burning  
pressure in the frontal region.

Vertigo, humming in the ears,  
redness of the conjunctiva, and quick  
hard and small pulse, Vomiting  
with oppression - anxiety, small  
pulse, vertigo, prostration, Vomiting  
and diarrhoea, retching, spasmod-  
ic retching and pain in the stomach.

Boring pain and oppression in  
the stomach, with frontal head-  
ache, contracted hard and fre-  
quent pulse, warm skin, con-  
tacted tongue, flatulence, bilious  
stools, Frequent emissions of wa-  
tery urine, Endocarditis, with pal-  
pitation of the heart.

### **Borax.**

Menstrues make their appearance during  
the nursing period with prostration, Aphthous  
or nursing sore mouth.

### **Bromine.**

Membranous Croup - Chronic Bronchitis,,  
with sensation as if the air passages were filled with  
smoke, Tubercular Phthisis Hypertrophy  
of the ventricles of the heart.

Serofulous diarrhoea of children  
from affections of the mesenteric  
Glands -

### Calendula

Lacerations to prevent the suppu-  
rative process - bruises, contusions

### Cannabis Sativa

Genorrhoea; discharge of gel-  
linous greenish mucus, in-  
ability to pass water,

Hematuria, inability to  
pass water, burning & cutting  
in the urethra, Proctorrhoea with  
aching pains, greenish expecto-  
ration, opacity of the cornea,  
incipient stage of cataract

### Cantharides.

Gastro-enteritis, characterized  
by constriction of the throat, so  
that fluid cannot pass without  
causing pain, burning in the  
oesophagus, and stomach, nausea  
and vomiting of blood and  
mucus, stomach tender to the  
touch, Inflammation of the uri-  
nary and sexual organs burn-  
ing pain, and tenderness in the  
hypogastric region, constant  
desire to urinate with in-  
ability, priapism, satyriasis.

local heat and irritation, mis-  
carriage, spasmodic constriction of  
the neck of the bladder, pain in  
the head, as in meningitis, fu-  
rious delirium, tetanic convulsions,  
hard frequent pulse, hot and dry  
skin. **Antidote**, Emetic then mucilagi-  
ous drinks, If inflammation - Opium  
Aconite, If inflammation of the urinary  
organs Campden.

### **Capsicum.**

Intermittent fever - excessive shud-  
dering - chillings, pain in the  
small of the back, Burning &  
dryness of the fauces, weakness of  
the stomach characterized by  
coldness and trembling in the  
stomach, greenish feeling about  
the stomach, afterward a flow  
of water, flatulent distention of  
the abdomen, Small and frequent  
discharge of mucus and blood -  
stercoratus, burning during mictu-  
ration, discharge of mucus from  
the urethra, atrophy of the testum  
and spermatic cord.

### **Carbo Animalis.**

Glandulae swelling with ten-  
dency to decomposition - blood  
in a bad state, scirrhus

induration of the glands and  
ulcers, Malignant ulceration of  
the neck of the mouth, accompan-  
ied by a discharge of foul mat-  
ter, A flow of an acid fluid  
from the stomach

**Carbo Vegetabilis.**

To raise the nervous reaction, stim-  
ulates the mucous membranes, when  
the secretions are foul, purifies  
the blood, Dyspepsia charac-  
terized by acidity of the stomach,  
when there is foul taste in the  
mouth, alternating with palpi-  
tation of the heart, Stomachicæ,  
foul diarrhoea, Asiatic Cholera,  
in the asphyxiated stage, pulse  
collapsed, skin cold and clammy,  
patient appears perfectly lifeless.

Putrid Typhus, decomposition  
of the vital fluids, Paralytic  
Dysphagia, lower jaw drops,  
chronic hoarseness when it comes  
on at night, Foul ulcers, Gangrene  
senilis, Eruptions which show a  
bad state of the blood, Tendency  
to breaking out of pimples

Gangrenous Pneumonia

**Castoreum.**

Supposed to promote menstruation,  
used for uterine spasm, Gravid  
of the uterus, profuse menstruation  
which when it has ceased is  
followed by an affection of the liver.

**Causticum.**

Chronic Paralysis,

**Chelidonium. Majus.**

Darkness of the liver, accompan-  
ied by constipation, stools dry  
and white, with jaundiced complexion.

**Cina.**

Worms, affections from worms,  
Convulsions, Epilepsy, vomiting  
bubbling, diarrhoea, itching  
at the anus, nocturnal sweats,  
Intermittent fever, great  
chilliness, no thirst, tongue  
clean, Hydrocephalus, Bronch-  
ial Catarrh. after measles -  
expectoration of frothy mucus.

**Colica.**

Wakefulness, Sopor, depresses  
the functional power of the liver,  
Colic accompanied by discharge  
of hard lumpy feces, Diarrhoea  
with exoriation in the lower part of  
the anus, watery stools, flow of  
alkaline water from the stomach,

profuse discharge of urine, Small  
doses cause sexual excitement -  
Large doses cause a depression  
of sexual excitement, Nervousness,  
restlessness, Antidotes Aconite Opium  
&c **Antidote.** Nux Vomica

**Cubeba.**

Stinging, burning, smarting sensation  
in the urethra, and discharge  
of a milky fluid from the urethra  
Frequent urging to urinate -  
Erections, Nausea,

**Cuprum.**

Vomiting, purging, bloody dis-  
charge, gripping pains, sometimes  
violent tenesmus, Violent cramps  
in the calves, thighs, pain in the  
whole body, giddiness, convulsions,  
insensibility, sometimes jaundice  
headache, loss of consciousness,  
maddening look, rage, Apoplexy -  
Paralysis, Painful constriction of  
the chest, Cough, hurried breath  
Hemoptysis, Cholera Asiatica,  
Chorea - Cramps of the legs  
thighs and feet, Spasmodic  
vomiting and retching from scirrhus  
of the stomach, accompanied by  
a jaundiced appearance  
of the patient, Spasmodic

Asthma, Melancholia, Depression of spirits, Anguish - Evidences of a shy character, patient's endeavours to hide himself -

### **Colchicum.**

Tickling in the throat - short dry cough, Strangury, Heat in the urethra, pale urine, numbness and rigidity of the parts

Giddiness, Headache, loss of consciousness, convulsions, debility, acute neuralgic cutting pains, in the bowels, cramps in the calves thighs and soles of the feet, Vomiting of bile, Violent inflammation of the intestinal mucous membrane, retention of urine, burning in the urethra, Dyspnoea, feeling of constriction across the chest, burning in the wind pipe, dry hacking cough, Dyspnoea, Small doses stimulate and large doses depress the pulse, Gout, Inflammatory irritations in gouty persons, - Asthma - Endocarditis, Strangury, Ischuria, Inflammatory irritation of the stomach and bowels, Tropical affections, Acute and chronic neuralgic

irritation of the thoracic and abdominal viscera, Dyspnea, constriction soreness, and irritating cough - palpitation, stitches and beating in the heart, thirst, loss of appetite, nausea and vomiting of foul bile, cutting and spasmodic pains in the bowels, discharge of serum, mucous & blood, acute tenesmus, soreness and heat in the stomach. Swelling, pain, heat, redness and lameness of the extremities, debility, but dry skin.

**Antidote.** Provoke vomiting after which give Coffee.

### **Cyclamen Europæum**

Violent drastic, vomiting of blood, cold sweat, ringing in the ears, swimming in the head.

### **Crocus Sativus.**

Passive uterine hemorrhages blood blackish, In Hysterical Patients,

### **Drosera.**

Shuddering - Feeling of constriction in the chest, feeling of rameness in the chest, bloody cough, Pain in the bowels, diminished secretion of urine, Whooping cough in the spasmodic stage.

**Euphrasia Officinalis.**

Conjunctivitis of the conjunctiva, sensitiveness to light, redness, soreness, sensation as if full of sand, Lachrymation, Catarrhal irritation of the Schreide-rian membrane,

**Eupatorium Perfoliatum.**

Intermittent fever - bordering upon the remittent type

**Hamamelis.**

Hemorrhages from all mucous membranes with asthenia, Phlebitis. Hemorrhoids, Varicocle, Caruncles, Boils, Abscesses. Injuries from a fall, Varicose veins of the leg - orchitis,

**Indigo**

Used only in recent cases of Epilepsy

**Kreosotum.**

Diabetes mellitis. Eustachian Intestinal irritation of a Typhoid character, Malignant ulceration of the neck of the uterus, Prol. leucorrhoea. Burns. Foul ulcers, Suitable to female diseases

Antidote. Chagrinous or micibaginous dients

**Laurocerasus.**

Leaves are of a beautiful glossy green, stiff like leather, It destroys life by paralyzing the nervous centres. The extract of bitter almond

seem to exercise a stimulant effect,  
 Apoplexy with bloated counte-  
 nance, pulse low and slow (35)  
 Paralysis of the special senses,  
 after apoplexy - Typhoid Pneumonia,  
 Threatened Paralysis,  
 Angina Pectoris, Spasm arising  
 from disease of the heart and  
 large vessels, Excessive dyspnea  
 in almost any disease it  
 acts as palliative - Gangrene  
 of the penis, Profuse menstruation

 in large doses.

### ***Zedum Palustre.***

Epidemic influenza, Whooping  
 Cough - Chronic asthma, pain-  
 ful and shooting sensation on  
 the throat, if it partakes of  
 an epidemic character -  
 Hemoptysis, Rheumatic diar-  
 rhea of a bilious character -  
 Debility and chilliness are  
 prominent indications -

### ***Lobelia Inflata.***

Affects Pneumogastric nerve principally  
 Asthma accompanied by nausea and  
 vomiting, Idiopathic Asthma, Cardialgia  
 Antidotes. Vegetable acids and Coffee.

**Lycopodium.**

Chronic Constipation, Retention of urine, disposition to gravel, mealey herpes, Mercunial herpes, Mercunial Caries Ulcers, *Plica polonica*, *Sinea Capitis*, with extensive suppuration & crusty matting of the hair, In Scrophulous cases where there is swelling of the glands,

**Magnesia.**

We use the Sulphate, Carbonate and the Muriate of Magnesia

**Sulphate of Magnesia**

Diarrhoea with yellowish greenish discharges, Profuse and premature menstruation, inability to retain urine,

**Carbonate of Magnesia.**

Greenish, frothy, sour colored diarrhoea, Adapted to females with difficult menstruation and leucorrhoea, Paused vomiting Constipation

**Muriate of Magnesia.**

Uterine Spasm, menstrual difficulties

**Menyanthes.**

Dull sticking pain in both sides of the chest, worse when pressed upon, Sense of compression in both sides of the chest, accompanied by shivers

Pressure on the sternum with stitches  
Cramp like pains in the muscles of  
the left arm and leg, Intermittent  
fever, when chill predominates,  
Rheumatic Deafness, persons  
cannot hear themselves talk

### **Mezereum.**

Redness, excitation of the skin  
Burning dyspnea in the throat, vom-  
iting, profuse salivation, diarrhoea  
burning in the bowels, irritation in  
the kidneys, Cough, with expectora-  
tion of blood, of a chronic char-  
acter, Stinging and burning in  
the skin, Humid itching herpes,  
Eruptions - Tinea Capitis, with great  
itching, Herpes behind the ear with  
itching, Leucorrhoea of a chronic  
character with itching, Affections  
from the combined influence  
of mercury, syphilis, and Bora,  
Priortitis from scurfula syphi-  
lis and mercury - Caries of  
bones, Mercurial and Syphilitic  
sores. exsima, Angina of a  
chronic character, characterized  
by dry burning pain in throat. Dia-  
rrhoea with burning pain in the bowels  
spasms twisting of the tendons Hemoptoe  
Antidote. - Camphor -

**Millefolium.**

Hemorrhages from the stomach, lungs, bowels, and uterus,

**Moschus.**

Hysteria, fainting where it is difficult to arouse the patient, where it appears as if the patient, would die, giddiness, deep sleep, fainting and convulsions, profuse and premature menstruation,

**Carbonate of Soda.**

Constant spitting up of water in pregnant females, mild diarrhoea proceeding from worms,

**Chloride of Sodium,**

Scorbutic disorganizations of the mucous membrane of the mouth, Hemorrhage

**NuxTugans.**

Scrophulous affections, when seated in the bowels, inflation of the stomach, liquid stools, increased urgency to urinate, boils upon the skin. Red rash of the back and face, pustular eruption, burning & itching, redness and chapping of the skin, hard swellings in the face, Scrophulous, Gout, Scrophulous leucorrhoea - Inter-mittent fever when of an irregular type.

**Nux Moschata**

Hypochondriasis, Hysteria, profuse  
and premature menstruation, loss of  
memory. Nervous vertigo, the horse  
toothache, feels as if it would be  
pulled out, Bowels at times consti-  
tive then loose. After eating flat-  
ulent distention of the abdomen,  
Dysmenorrhoea blood thick and  
blackish, sensation across the small  
of the back as if it were a board  
accompanied by water brash.

**Oleander.**

Pinco, paralysis of the extremities  
Exanthematous diseases of the  
head, where worms are developed,  
Mental alienation with loss of  
memory.

**Prunus Spinosa.**

Dropsical affections especially Ascites.

**Podophyllum Peltatum.**

Tenebrius with discharges of mucus  
and blood, irritation of the bowels  
accompanied by nausea.

**Ranunculus Bulbosus.**

If applied to the skin it produces  
blisters, then ulcers which are  
disposed to eat deeply, -  
Burning sensation in the oesophagus,  
especially in the region of the

cardiac orifice, sanguinous inflammation  
of the stomach and cardiac orifice,  
contraction of the cardiac orifice,  
Dry tongue, Rhus, Thapsaliana root,

### **Rabenhia**

Fistula of the anus, accompanied  
by constipation-

### **Rheum.**

Diarhoea accompanied by griping,  
ferriish excrement, tenesmus  
accompanied by a sensation  
of shuddering, discharges of  
either fetid or sour stools,

Sore diarhoea of children,  
accompanied by restlessness -  
constant urging to stool, Diarhoea  
accompanied by urging to urinate  
and a difficulty in urinating

### **Rhododendron.**

Pain in the joints, burning, for-  
mication and shooting pain in  
the joints, Rheumatism of the al-  
bina, lachrymation, itching of  
the eyes, Dyspnoea from rheumat-  
ic irritation of the chest,

### **Ruta Graveolens**

Giddiness, confusion of sight, dele-  
rium, a poor tottering gait, spasmodic  
movement of the limbs, pulse down  
to (30) faintness, delirium, coldness

of the skin, vomiting, colic, salivation  
inflamed swollen tongue, foam  
and thirst. It blisters and in-  
flames the skin. It is also used  
for worms, when the children vomit  
it, Colic, pain in the bowels, Wake-  
ness of sight from great exertion,  
Where there is a tendency to  
menstruation with hysterical spasms  
Injuries of the bones, Rheu-  
matic and syphilitic bone  
pains

### **Senega.**

Bronchial catarrh, profuse  
expectoration of watery saliva,  
vomiting, sensation of burning  
in the stomach, and bowels,  
profuse diarrhoea with wa-  
tery discharges, colic pains,

### **Tabacum.**

Faintness, deadly palor, deadly  
sickness at the stomach, clammy  
condition of the skin, coldness  
want of reaction.

### **Taraxacum.**

Lapid liver, constipation, Hæma-  
tence, Nettle rash, Blisters papu-  
lous eruptions, itching, tingling  
and burning -

**Thuja.**

Condylomata of a syphilitic character, Warts, Chronic gonorrhoea, scurfulous glandular swellings and ulcers,
